1. If you/your group cannot manage your date, please arrange individual or group swap.
2. If you are arranging flowers in the church for a group or special event during the week, please contact the group on rota for the weekend to let them know that there will be flowers in the church. This will help with costs as the flowers can be added to/touched up.
3. Please do not leave bags of waste in the sacristy kitchen, these need to be taken to the bin yard next to the hall kitchen.
4. Please don't leave old oasis in the kitchen - if you can't use it please throw it away.
5. If you attend Mass during the week, and have a few spare minutes afterwards, please could you check that the displays are watered (especially in the summer months).
6. I would like to try and even the load for cleaning up after events like Easter and Christmas. It is obviously difficult to estimate the life of the flowers, so cannot be precise, but I would like to arrange a day/evening for the group to come together to clear the church of dead flowers, so that it makes life easier for everyone. These dates will be communicated to you after the events.

Thank you for your contribution to make our church look so beautiful. It is appreciated.

If you have any queries/concerns please do not hesitate to contact me.
